ORDER INFORMATION

Ordering

When grafting the stonefruit and citrus trees, we use up to 8 different fruits. On the apple and nashi trees, we use up to 4 different varieties on the trees. Depending on what "takes" in this process, results in what fruits are on each tree. This is why we have 2 ways and 3 ways and 4 ways etc. with a variety of different fruit combinations.

When ordering your tree, please list the kinds of fruits you would like in their order of importance. We will choose a tree that will provide the "closest match" of fruits to meet your order.

NOTE: The height of the trees when sent is approximately 30-70 cm. Any bigger than this and it makes it very difficult to send through the post.

Special Note:

When ordering your trees (**stonefruit, citrus, multi-apples and multi-nashis**), we prefer that you place your order, once they are available for dispatch. For current availability of trees, please see the 'Latest News' on our website.

Price & Delivery

The price of our Fruit Salad Trees are \$30 per graft on the tree. e.g. 3 fruits is \$90, 4 fruits is \$120, 6 fruits is \$180 etc. All prices include Australian GST. *Remember there can be more than one variety of a fruit on the tree.*

Delivery takes approximately 2-3 weeks if the tree is in stock, however we can despatch sooner if specially requested. We do not have any other distributors however, we ship the trees throughout Australia using the postal service, Australia Post. We find their service swift, economical and there are very few breakages.

Interstate Dispatch

Some states require an **inspection certificate** from the Department of Agriculture. The cost of an inspection certificate is \$26.00 per shipment, not per tree.

DESTINATION	CERTIFICATES NEEDED	1 TREE	2 TREES	3 TREES
ACT	No	\$23	\$32	\$41
NSW	No	\$23	\$32	\$41
NT	Yes	\$37 + Cert. =\$63	\$59 + Cert. =\$85	\$81 + Cert. =\$107
